

# Boy Wonder - My Life in Tights

The Holy Tell-All Book of What Really Happened Behind The Scenes of the Batman Series!

Here it is... AND DIRECT TO YOU!

Burt Ward's behind the scene (300 page) book of what really went on during the filming of Batman. **This is the only place that you can get a direct copy of it AND recently autographed by Burt himself.**

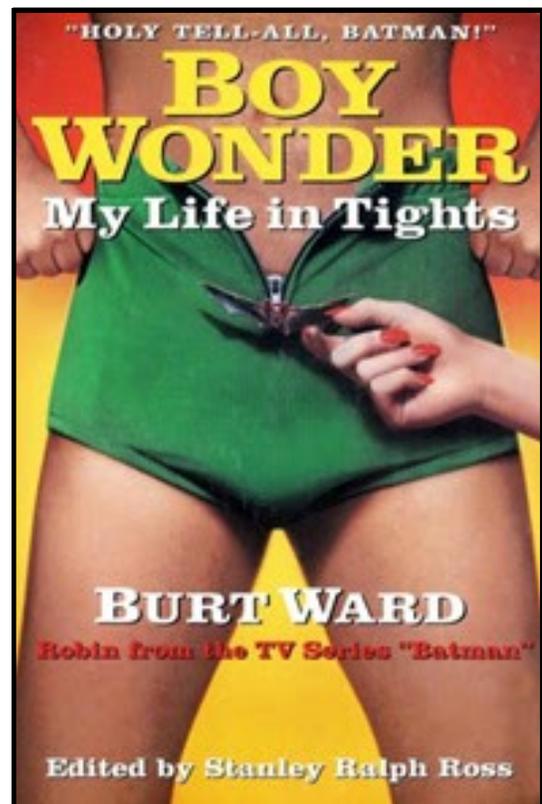

## THE SERIES:

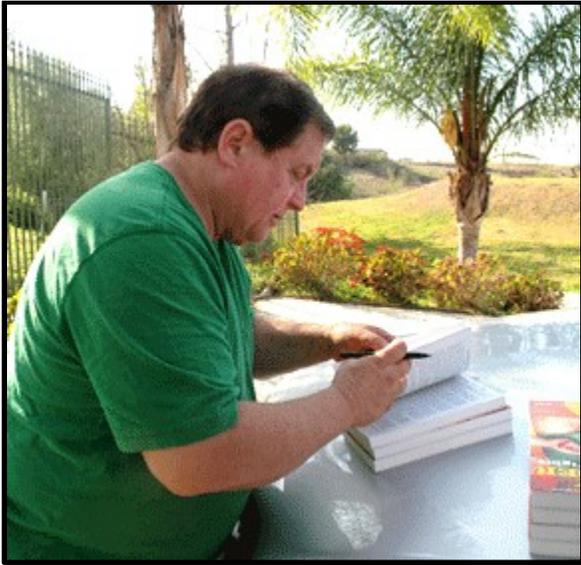

**Batman** was an American TV series, based on the DC comic book character of the same name. It starred Adam West as Batman and Burt Ward as Robin — two crime-fighting heroes who defend Gotham City.

The show was aired twice weekly for its first two seasons, and 120 episodes were produced in total.

**Batman and Robin – 1967**

Burt is autographing his books for me to send to you.

Forest is with Burt Ward at his home, picking up some autographed books.

I have been a friend of Burt Ward for 20 years. He mentioned to me one day that he had a limited inventory of his book, *My Life in Tights*, on hand, but that he didn't have time to do anything with them other than sell them at book signings on occasion. I offered to help and even talked to him about signing each one to mark it as a collectable.

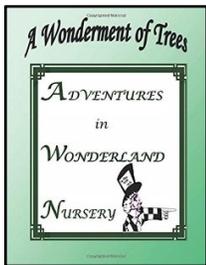

You can order a signed book at Amazon. In Books, just type **My Life in Tights** and scroll down to Forest Trowbridge as the seller.

This makes a great gift for someone hard to buy for. It is a valuable keepsake for yourself or anyone. Get one while they last.

Yours truly, *Forest Trowbridge*

# Wonderbooks

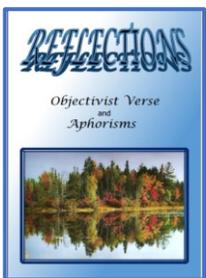

Here are some more Wonderbooks written by the purveyor of the above Boy Wonder book. Paperback and Kindle back versions are also available at Amazon:

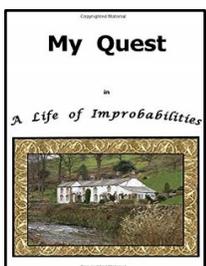

A 110-page full-color book, written for tree and poetry lovers. The reader will be stimulated by the many references, allusions, double entendres, and plays on words in the poetry, the titles, and portrayals. The intention is for the reader to be inspired to write some verse or to plant some trees himself.

A 137-page compilation of selected poems from the author's early phase in Europe featuring poetry and theater in the genre known as Fluxus, an art movement begun in the 60s. The works themselves are examples typical of such movement, and the reader will enjoy a rather unique take on the world of art.

A 200-page treatise of poetry, philosophy, and commentary relating to the politics and economic realities of our time in this 21<sup>st</sup> Century.

A 277-page full-color annotated autobiography replete with photographs and philosophical commentary. A selfish life immensely enjoyed is hopefully reflected adequately in this bioplay of 12 Acts relaying romance, philosophy, adventure, and politics for the reader's stimulation.
